May Meeting

The May meeting was well attended and it was nice to catch up with friends. Below are pictures of the show and tell items presented. Be sure to bring your latest creation to the next meeting on June 8!

Randy Larson, Saturn Bowl, Cherry

Kirk Bates, Cigar Ash tray, Mesquite

Kirk McElhinney, Maple, one piece Coffee Scoop

Mike Lanahan, Purple Heart, Xacto Knife Holder

Mike Lanahan, Banskia Seed Pod Box, Purple Heart

Joe Johnson Demo

Our demonstrator for the May meeting was Joe Johnson. He did a demonstration on Vacuum Chucking. The demonstration covered the design, building and safe use of a vacuum system. He discussed the building of vacuum chuck systems and demonstrated how to use a vacuum chuck to remove the tenon and sand/finish the bottom of a bowl. He reminded us to visit our website <https://hillcountryturners.org/> for all the information, found under the projects tab.

Pumps and various vacuum chucks

Diaphragm pump set-up with valving

Adaptor to connect vacuum pump to lathe headstock and vacuum chuck

Adjusting a platter's wobble under vacuum

Complete set up with rotary vane vacuum pump and vacuum adaptor

Upcoming 2023 Calendar

June 8th Demonstration

James Hampton will be the demonstrator for the June meeting, James will concentrate on spindle turning, including handles for various gift items. Christmas is coming, its not too soon to have this demo.

Safety Tip

Safe Area of Operation – A vacuum chuck is neither designed nor intended for aggressive wood removal or power sanding of a partially completed item. This is best left to traditional holding methods. The best use for vacuum chucks is to provide complete, unobstructed access to the bottom of a vessel for final foot preparation, sanding and finishing. As a general rule, it is best to confine all work within the area covered by the chuck body.

Special Thanks

As always, we thank the **Majestic Ranch Arts Foundation** for their support. Majestic Ranch Arts Foundation makes possible our equipment, and assists us with support for teaching via professional demonstration and workshops.
